7 July 2026

Dear Michal Tuczapski,

The United Nations Youth Office is pleased to confirm your registration to attend the celebratory event “*One World, One Game, One Goal: A Celebration of Sport as a Catalyst for Youth Mental Health and Well-being*,” convened by the Member States’ Group of Friends of Football in collaboration with the United Nations Youth Office.

This day-long event will be held on Friday, 17 July 2026, at United Nations Headquarters in New York. Convened under the banner of the United Nations Youth Office’s Youth Mental Health & Well-being Flagship Initiative, it will bring together young people, Member States, United Nations entities, civil society organizations, and private sector partners, including representatives from the global sports community.

The Flagship Initiative promotes a holistic approach to youth mental health and well-being, highlighting sport and physical activity as powerful, scalable, and inclusive tools. Sports enable young people to experience a sense of belonging, build social connections, and strengthen emotional resilience.

This letter serves as official confirmation of your registration to attend the event in New York. If you are under 18 years old, please note you must have a chaperone to accompany you, who is also registered separately for the event.

Confirmed registrants are encouraged to attend all segments of the programme, including good practice spotlights, football and mental health activations, and an acknowledgment and celebration of the role of football in advancing youth mental health and well-being in the General Assembly Hall.

For any questions, please do not hesitate to contact the United Nations Youth Office (youthaffairs@un.org), with Shihui Liu (shihui.liu@un.org) and Tomas Malik (tomas.malik@un.org) copied.

Sincerely,

United Nations Youth Office
